User Evaluation

Investing Tasks

- Simulation doesn't make sense and doesn't provide correct info to the user
- Simulasave still has the I can save every month
- Vaults button confusing

Managing Tasks

- Caption the expenses pie
- Setting current limits not clear
- Wondered how to add money to money management or if it was just a bank account?

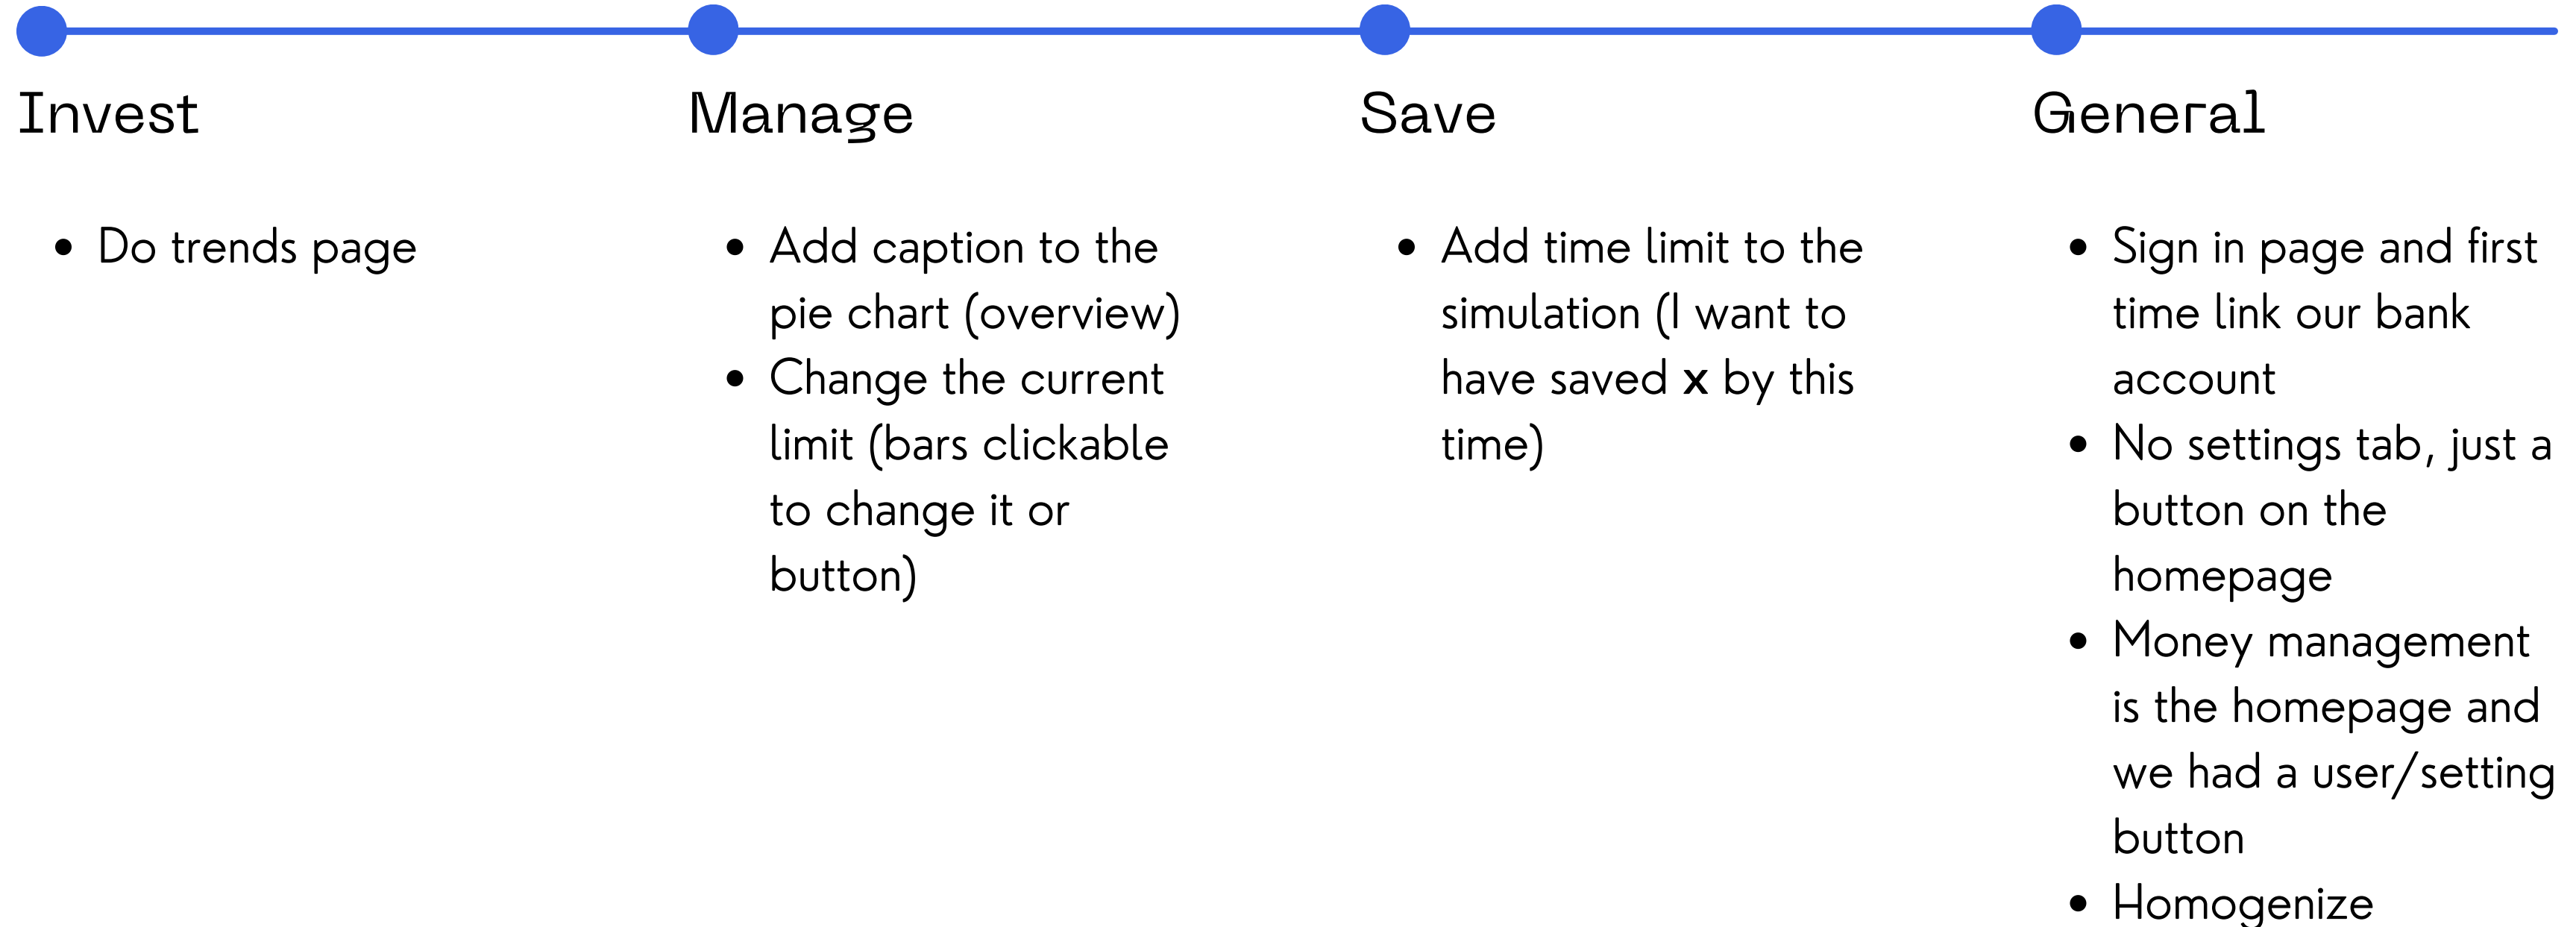

Saving Tasks

- Functionalities not available
- Overview Widget confusing
- No need for the clear trigger button
- Simulasave "I can save every month" confusing
- Vaults button confusing

General Points

- Settings not clear
- Font size a bit small in some cases.
- Some tabs are very different.

Plan for our Final Prototype

Thank you!
